OpenAthens service desk customer charter

OpenAthens support team

September 2019
Our service

Our goal is to give you the very best service, from start to finish.

There shouldn't be any surprises, as we keep you in the loop so you know what to expect.

We take ownership.

We're efficient and consistent.

We'll share with you how we are doing, and if we’re hitting the high standards that we set ourselves.
Our communication

We will keep things simple

We want to understand your line of work and how you use our products

When you get in touch with us, we won’t keep you waiting too long

Our updates will be useful and easy to understand, and we’ll make them a regular thing
What we need from you

Check to see if there is already an answer to your query in our documentation.

Give us as much detail as possible so we can get going on your ticket straight away, and work with us until it’s done.

Be mindful that urgent issues sometimes have to jump the queue, but we won’t forget about you...

...and issues which need outside help will naturally take longer to fix.
Talk to us...

Let us know how we are doing by giving us feedback, both good and bad, and tell us how we can be better.
